Computing:
- ➢ **Good knowledge of programming languages: C, Python, Javascript and Java**
- ➢ **Good knowledge in Javascript: NodeJS, jQuery, Bootstrap, Required, Angular, JQuery**
- ➢ **Good knowledge of JEE framework : Hibernate, Spring MVC, JSTL, JSF, Servlet**
- ➢ **Good knowledge in project workflow: CVS (Github/SVN), bugtracking (Jira), Agile methods**
- ➢ **Knowledge in : PHP, R, C++, VBA, OpenCV, OpenGL, OCR (Google Tesseract)**
- ➢ **Knowledge in virtualisation : VMware and Virtualbox**
- ➢ **System administration on Unix and Windows Server (DNS, LDAP, SMTP)**
- ➢ **Soft skills: Communication with customers, Agile method**

HOBBIES

During my spare time, I enjoy playing basketball for it allows me to share time with my friends, as well as to be healthy. I enjoy playing chess because of the strategic dimension and the reflection it allows. I also like to read novels to increase my creativity and to open my mind to new queries and thoughts essential to the human nature.
